Notes:
 The 50m PB for each stroke is the personal best time recorded by a swimmer at a time trial or competitive gala.
 The aggregate time is the sum of all 4 PBs if all 4 strokes have been swum.
 The standard times shown are the qualifying times which a swimmer would need to achieve to compete in the ASA London Region Age Group Championships
 Note that ages have been taken as at 31/12/05; therefore for a swimmer born in 1990, the qualifying time for a 15 year old is shown.
 Note also that the youngest age for which qualifying times are published is 10 years old; therefore qualifying times for 10 year olds have been shown for all swimmers aged 10 and under.
