WORKSHOP DESCRIPTION

Bay Area LISC is pleased to announce this intensive one-day workshop on commercial property management. Featuring well known trainer Rick Jacobus, this training will help participants plan for successful ongoing management of commercial and mixed-use real estate projects. The workshop will be limited to 30 participants, so early registration is encouraged.

Target Audience: Nonprofit developers, property managers, asset managers, and others involved in developing and managing commercial and mixed-use developments.

Workshop Goals:

- Train participants on best practices in commercial property management.
- Assist participants with assessing their own organization's commercial property and asset management capacity.
- Assist participants with developing action plans outlining immediate action steps that would improve their ability to successfully operate commercial projects.
